Sir:

RESPONSE TO RESTRICTION

In response to the Office action mailed September 8, 2003, applicant hereby elects Group II, claims 5-8, without traverse.

The species restriction made in the action is considered inappropriate in the context of the election of Group II, which is directed to a slicing machine with a blade sharpening assembly. The present application illustrates two sharpening assemblies per Figs. 34-35 and per Figs. 45-49. At least claim 5 is readable on both configurations per the numbering contained in the claims. To the extent deemed necessary by the examiner, and without prejudice, applicants elect Species E, Fig. 44, all of elected claims 5-8 being readable thereon.

Applicants also note that claims 1-4, 13 and 18 were previously canceled by Preliminary Amendment filed with the application.

If the examiner wishes to discuss any aspect of this paper or application, please contact the undersigned attorney at the telephone number listed below.

Respectfully submitted,

By:
